

OduFsk_ModePlug.hex

Applicable Hardware versions:

Should work on all FSK ODU but some (iss3 and below) do not support RS232

Should be fully functional on

- ODO FSK Interface_iss3_1
- ODO FSK Interface_iss3_2
- ODO FSK Interface_iss4

Note iss3_1, iss3_2 and iss4 all have iss3_1 printed on the silkscreen

Fix List:

Safe Time Reading (prevention of possible infrequent glitch)

New Features:

Added Mode plug read capability, remove plug for RS232, insert for RS485.

Plug bridges pins 1-5 on j8
